Remarks

HOMESTEADERS DREAM, an old farmhouse in a desirable neighborhood with a rare one acre lot that has fruit and berry trees and an operating well with majestic views. Panoramic views as far as the eye can see but still very close to shopping, entertainment, all major routes making this an easy choice for the commuter. This is a very solid home with an open layout that was loved by the same family for generations and now it is time for another family to make this home their own. It does need some improvements and updates but the end result will amaze you and it will be totally worth the effort. A walkout basement with plenty of storage space and a storage shed that is attached. The asking price already reflects those improvements that are needed. There are 2 full bathrooms on the first floor, 2 bedrooms on the first floor and another 2 large bedrooms on the second floor, an office on the first floor, an open layout with lots of sunshine throughout the home. This is a wonderful opportunity for the savvy buyer to own a piece of land that overlooks Palmer township. First open house Sunday October 5th, 1-3pm.
